1 --> [This is insane, if one container leaks what do you do with the site, it is contaminated. Further the west to east winds will blow any contamination over the entire country.] [Technology will soon be able to reclaim the waist--how do you get it back out to reclaim? [I can understand your embarrassment for building this dangerous project. President Bush is experiencing the same problem in Iraq. As a tax payer I hold you responsible for the the money you have waisted on this bloated project. You must stop this madness and find another use, the best I have heard is wine storage, perhaps a Luxury 5 Star Hotel--what ever.]
